Parental Consent: (Must be signed to complete enrollment)

Player's Name: _____ Session: _____

I understand that my child's participation in Elite Sports Training Baseball camps/clinics may result in various types of injuries associated with athletics (in rare cases paralysis, and in the rarest of cases death) and I approve of their partaking in the camp/clinic. I will not hold any of the camp instructors liable for any injury my child may sustain while performing the various activities being offered during the Elite Sports Training Baseball camp/clinic. I also consent to EST using photos taken of my child throughout the camp/clinic for their website.

Parent / Guardian Signature

Throughout camps/clinics, pictures and video may be taken of players performing various drills and baseball related activities. EST uses this footage on their website and Facebook page to promote the company and demonstrate to perspective campers what they will engage in when registering for an EST Baseball Camp/Clinic.

I request that EST **NOT** use any photos of my child performing skills on their website. _____
